

# Our Knitting Roots Book Club

with Donna Druchunas

Did you know that our knitting ancestors are from the Middle East? They invented this fabulous craft that we love so much. You can't embrace the craft without embracing the human beings that created it. Let your knitting be a tool for spreading love and acceptance.

## Read, Knit, Learn, Share

Let's spend 2017 reading about the beautiful history, culture, and people from different places around the world, who have all come to America to add to our rich heritage and diverse society.

Every other month, I'll select a theme, design a project, and recommend a book to read. Each book will be about a different country or region in the world and the pattern will be for a project inspired by the knitting, art, or crafts of the same area.

**What:** Reading and Knitting

**When:** Bi-monthly

**Where:** On Facebook and Ravelry

**How:** Sign up for the email list and receive updates with links to the discussions, patterns, and knitalongs

**Cost:** Everything is free except the patterns, which are \$5 each

**Sign Up:** [sheeptoshawl.com/bookclub](http://sheeptoshawl.com/bookclub)
